L.Q. Can I demonstrate how to make online gaming a positive experience for all?

Year 7 designed posters for primary school children advising them how to game online in a respectful way.

Success criteria

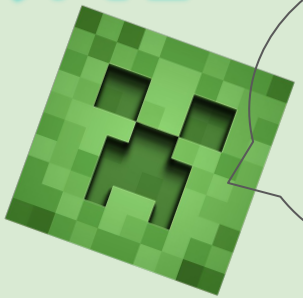
- **I can use clear and concise language**
- **I can use images to help them understand**
- **I can make a poster look attractive**

Say NO!

"What school do you go to? And where?"

Look! It's happening in a game!
Do YOU like gaming? Read this advice.

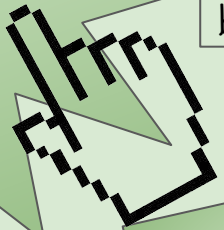
Why is Gaming Saftey Important

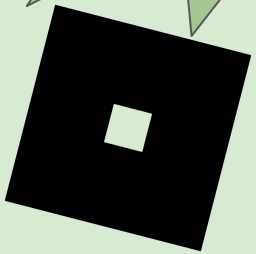


Never trust anyone online, if anything happens tell a trusted adult!

If you win a game be gracious, and if you lose, be graceful in your defeat.

Make sure to be nice to people even if they are being rude



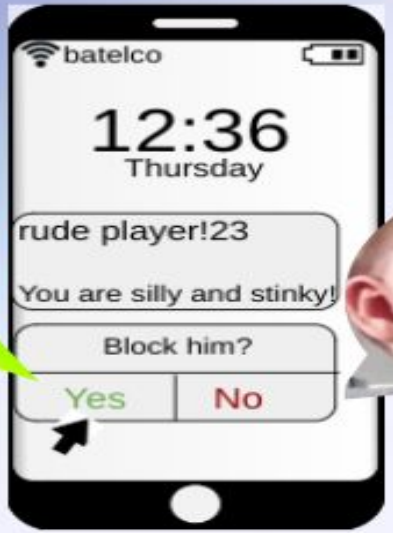


Play age appropriate games, and allows follow rules.

If someone's being unkind to you, report them and tell an adult.

Online Gaming Safety

Cool sentence:
I am not being silly because you are calling me silly!

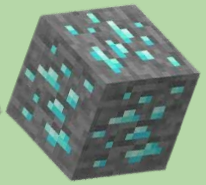


Don't be mean about other players. You know it's a game and it's played for fun

If someone is rude to you, don't mind them and if you can, block them.

It's not really safe to click at every link and friendship request you see, so ask your parents or a grown up before you click on them!

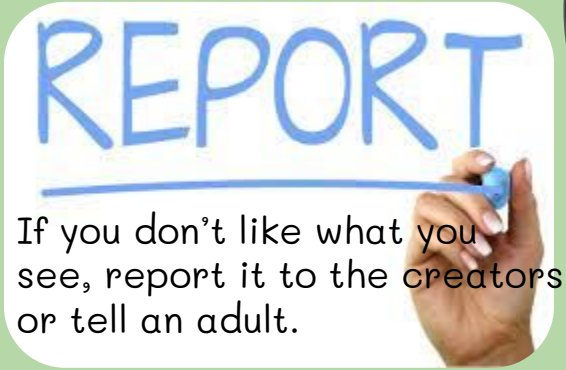
SAFE GAMING



DONT

- Play a game that isn't for your age
- Meet up with someone who you met on a game

If someone is showing or talking about something inappropria te, log off and tell the creators.



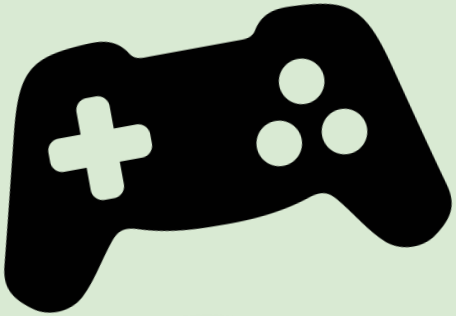
If you don't like what you see, report it to the creators or tell an adult.

Be kind and respectful online, just because you're not actually with other games in person, treat people as if they were your best friend.

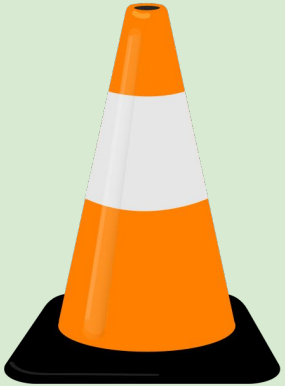
If you win a game, be gracious in you success.

NEVER TELL ANYONE YOUR PERSONAL INFORMATION

BE SAFE WHILE GAMING!!!!



If you are a young player make sure an adult knows that you're online!

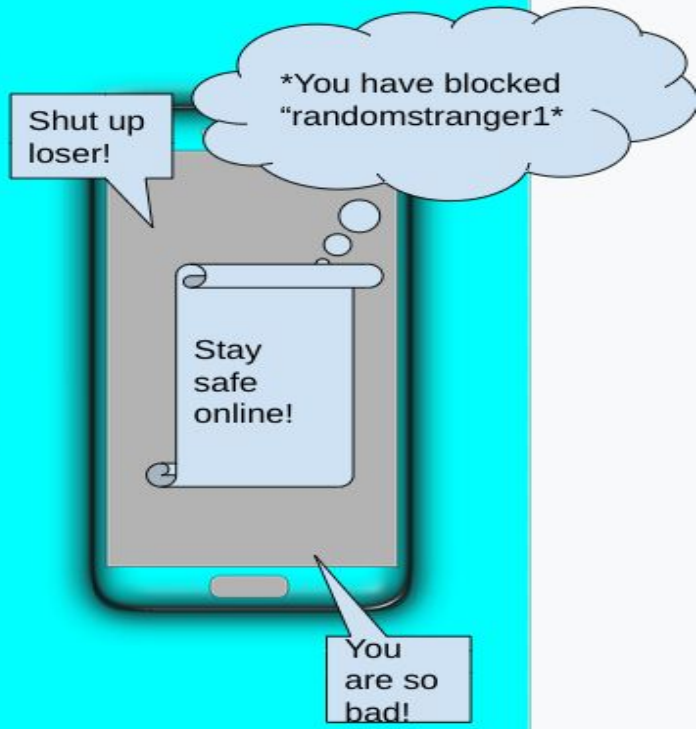


GAME SAFE

Do not talk to people you do not know.
Do not be rude to other people.
Do not share password.
Do stay SAFE.

online safety!

The internet is probably a cool place, there is lots of technology, movies, videos and games to play!
But have you ever knew that there can be a lot of dangerous people?
Yes, there is also bad people on the internet, and there are a few tips on gaming online safely!



- Always be polite / kind to the people in the game
- If there is a report button in the game you are on, report or block people on the game who are rude or bullying you
- Do NOT give any information about yourself to online friends or strangers online, they could be hackers trying to get your information to get in your device, or people getting your information sent online to expose your secrets.
- Never meet up with online friends, they could be an adult lying about their age trying to get close to you and risking it is dangerous to do this.

BE SAFE WHILE ONLINE GAMING

The problem with online gaming is there could be bullies and they can make you feel sad and make you feel uncomfortable

How to be safe in social media or games online

Be respectful don’t lie and never give personal information even if they ask and if they make u uncomfortable leave and don’t answer back when they are saying mean stuff it’s better to ignore them than going to a deeper hole

Gaming Safety

Make sure you stay safe online and don't share any personal details about your date of birth or name or religion or where you are from.

If anyone is being rude or bully you or someone else online you can tell them to stop kindly so that you are not also being rude too. Also in some games you can ban people or report them on some games.

SAFE GAMING

Don't share any personal information to unknown people online

When communicating with other people online make sure to not share any personal information because you may not know this person in real life.

Be respectful and report any bad behaviour online. Make sure never to talk to anyone you don't know.

BE SAFE ONLINE 1!!!!11!1!

Do:
Be very safe online
Make a reallllll yyyy hard password
Talk to people who are nice or
the people you know

Don’t

Dont share information
Dont give your password
Dont talk to bad people

GAMING SAFETY!

Be nice to a friend while gaming and don't start saying anything mean if you win.

Don't play with strangers because they might be mean and it can be dangerous.

Things that you can and should say to a friend while gaming:

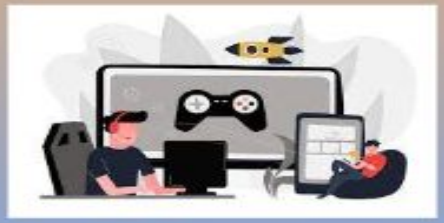
You are good at this game!
Good job!
Your awesome!
Wow!
Good game!

Things not to say to a friend while gaming:

Loser!
I wish I wasn't on your team!
I'm better at this game than you!
How are you so bad at this game?!
You're the worst!

Anna Nikuner

Safe gaming



Support the people your playing with

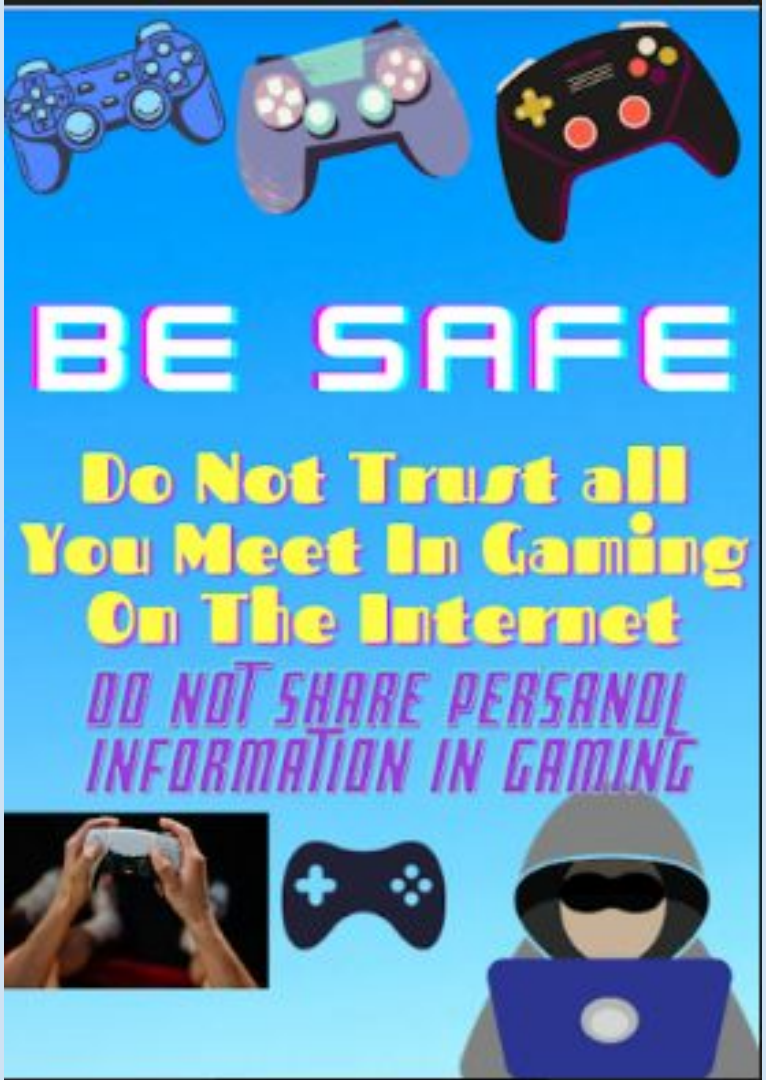
Don't play with people that are annoying you

Block or report people who are being mean to you

Play with people you know like families and friends

Never share your personal info with strangers

Be kind and helpful when playing with others



BE SAFE
Do Not Trust all
You Meet In Gaming
On The Internet
DO NOT SHARE PERSANOL
INFORMATION IN GAMING

Online Safety
Being KIND
Don't trust STRANGERS
